Activity 1 - Directed Graph

What to Do

Given the following directed graph:

1. Define the:

$$G = (V, E)$$

2. Find the outdegree and indegree:

Node	Outdegree	Indegree
1	?	?
2	?	?
3	?	?
4	?	?

When to Do It

Before next week class

Advice

Base from lesson 2
